

## **Pursue the BPA Student Professional Development Certificate**

The BPA Student Professional Development Certificate program offers students an opportunity to **develop skills** that are not always included in university courses, yet are essential toward building a successful career. Through this program, you will:

- Prepare your resume, cover letter, and LinkedIn profile for a job search
- Network through professional organizations and community service
- Develop teamwork and leadership skills
- Learn how to develop self-awareness and manage relationships with co-workers

Students enrolled in the program will be given a professional mentor – someone from the local business community who is committed to seeing students develop and succeed to their fullest potential. With your mentor, you will:

- Engage in a Career Advising Session
- Prepare for and participate in a Mock Interview
- Prepare and develop your Job Search Plan

Consider applying for the BPA Student Professional Development Certificate! Admission requirements and additional information are available at [bpa.csub.edu/menus/spd-certificate.html](http://bpa.csub.edu/menus/spd-certificate.html).
